

## EMA: The Erasmus Mundus Students and Alumni Association

EMA is the Erasmus Mundus Students and Alumni Association. EMA was founded in 2006 and is registered as an AISBL non-profit organization. Our aims are to help EMJMD students and alumni, promote higher education, and be a go-to network for our Alumni across the world.

**Over 24,000 students have taken part in Erasmus Mundus courses (EMJMDs and PhDs). Over 12,000 of them are EMA members!**

**Erasmus Mundus Joint Master Degree** study programmes are carried out by consortia of European universities. EMJMDs give the students a chance to study in at least two countries, and thus offer multiple or joint Master degrees at the end of successful completion of the programme.

Our aims as an organisation are to help Erasmus Mundus students and alumni, promote higher education, and be a go-to network for our alumni across the world.

**EMA is a volunteer-run organisation. Our #EMazing global team includes:**

### Country Representatives

are the main contact between EMA, EMJMD students and alumni, prospective students, and the EUD in their country. They participate in networking, promotion of Erasmus Mundus, and welcome incoming students from their countries.

### Programme Representatives

work to improve the EMJMD experience for students & alumni of their programmes. Their activities include communication and advising, organising social and professional events, and promoting Erasmus Mundus.

### Project Leaders

lead projects within EMA. EMA is involved in a diverse variety of projects which touch several important topics, and their outreach varies from local to global scale. Some projects are internal and some are externally funded.
